Buying nursery stock locally grown or acclimated, is by far the most satisfactory. Our trucks deliver your orders within reasonable distance the same day it has been taken from the ground.

LOCATION

The nursery is on Bradford Street off 1200 block Valley Drive, Syracuse, N. Y. We invite your inspection. A phone call first will assure a capable man to show you around.

A Few Words About Our Landscape Service

We will gladly come to your home and offer our suggestion or plan and estimate of what you will need to have a well landscaped home, free and without obligation. Our Landscape Service covers

Designing and Planting
Grading and Lawn-work
Trimming, Spraying and
Maintenance

Let Nature Finish the Picture

*Venerable Trees are Monuments to the Thinkers
and Planners of Yesterday*

OUR GUARANTEE

We will replace without cost; roses, shrubs, evergreens or trees which do not live or grow satisfactorily, within any reasonable time.

Shade and Ornamental Trees

Elm, American

For a perfect specimen, the Elm must stand alone, unrobbed of moisture, sun and air. Sizes from 10-30 ft., prices on request.

Maple, Norway

Grows rapidly in ordinary soil and its large dark green leaves and symmetrical form suggest prosperity. The safest shade tree to plant. Sizes from 8-24 ft., prices on request.

Catalpa Bungei, Umbrella Tree—3 year graft, 5 to 7 ft.....\$3.50

Chinese Elm—a rapid growing tree, having dense dark green foliage\$2.50

Mountain Ash—clusters of bright red berries all summer, 6 to 8 ft.\$4.00

Lilacs, French

Large and heavy trusses of flowers. (s—single) (d—double).

Charles X, s—purplish-red large flowers and a rapid grower, 3 to 4 ft.\$3.00

Marie Legraye, s—creamy-white flowers. 3-4 ft.....\$3.00

Michel Buchner, d—pale lilac color, very double. 3-4 ft.....\$3.50

President Grevy, d—beautiful shade of blue. 3-4 ft.....\$3.50

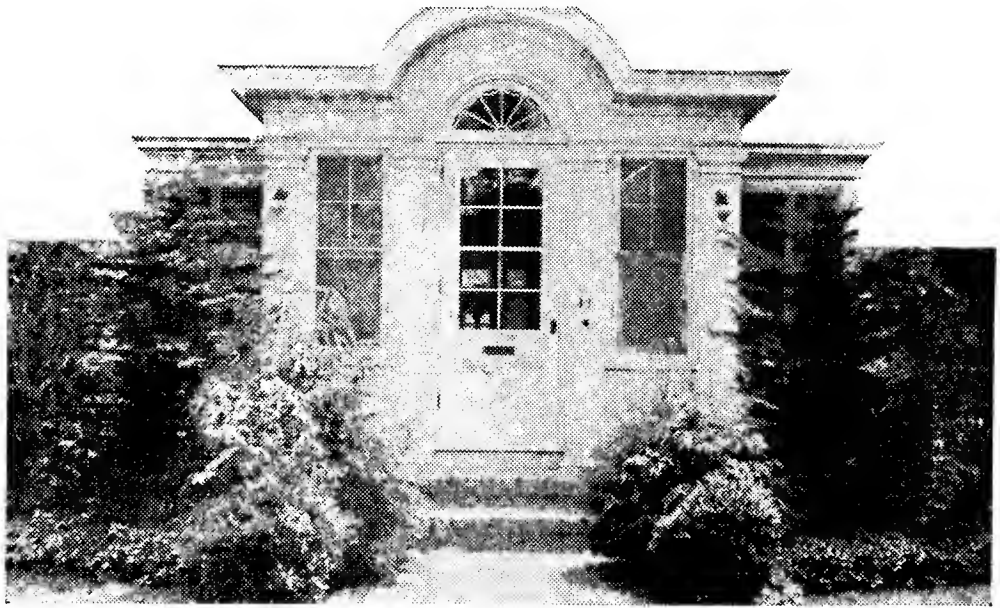

Souvenir de Ludwig Spaeth, s—dark purplish-red. 3-4 ft.....\$3.00

Any information we can give you is our pleasure. We are as near as your telephone.

DISCOUNT

5% may be taken if cash accompanies order.

Evergreens

The use of evergreens as all-the-year outdoor adornment is rapidly increasing in favor. Evergreens planted about foundations give distinction and effective refinement not equaled by any other plants. The great variety in shades of green, yellow and blue, and growth habits will beautify your home. The following varieties of carefully selected, guaranteed stock may be seen at the nursery:

Arborvitae

	American	
!	Golden	!
	Hovey	
	Pyramidal	
	Rosenthal

Specially priced roses may be included in a dozen by adding the amount over **\$1.00** to each one.

Helpful Hints on Planting and Care of a Rose Garden

Our 2-year No. 1 roses are trimmed and ready for planting when delivered.

The soil should be prepared about 18 inches deep and care should be taken to see that it is properly drained. By preparing soil we mean just a good garden soil well fertilized. Plant roses from 18 inches to 2 feet apart, digging the holes large enough so that the roots may be spread out and deep enough to cover the bud or graft of the plant at least 2 inches. Be sure to pack soil firmly around the roots and water after planting.

Your rose garden should be kept free from weeds and well cultivated. You will find spraying necessary to keep plants and blooms free from disease and insects. We shall be pleased to recommend spraying materials for this purpose on request.

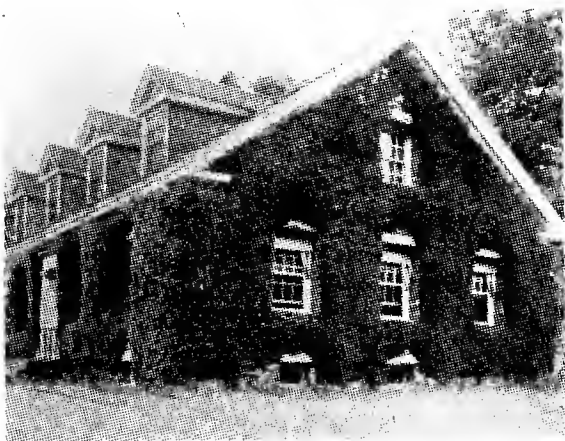

Our prices are reasonable and your satisfaction is our success.

Roses Bring Summer Nearer Home
